

Introduction

The 2002 edition of the Annual Summary of Vital Statistics is a summary of data compiled from vital event records for the 2002 calendar year. The content of this report includes summaries of vital events such as live births, fetal deaths, abortions, deaths, marriages, and marriage dissolutions documented by certificates and reports filed with the Office of Vital Statistics, Center for Health and Environmental Statistics. Please note that in the 2002 edition of the Annual Summary the Perinatal, Infant and Maternal Deaths section has been eliminated. The contents of this section have been moved to either the Pregnancy Outcomes or Death sections of the report. Also, noteworthy, a table on fetal deaths by cause of death and weeks gestation, and a table on teenage pregnancies by race and Hispanic origin have been added. We have also added Hispanic origin to two existing death tables that contain race data.

This document provides its users with an overview of the events contributing to the health status of Kansans. The facts contained in this report are essential for effective health policy decisions and program planning. It is designed to provide governmental agencies, businesses, industries, and citizens with information on vital statistics in Kansas.

Comments concerning the format or content of this report are welcomed. The Annual Summary of Vital Statistics is a **summary** of the health data collected by the State of Kansas on vital events.
